June 14, 2006

To whom it concerns:

Chemist and Plating Consultant, Bruce Klingler, has been a great help in developing and structuring Chemical Process Control for our company. His years of experience in the Metal Finishing Industry have been an asset for us as our company has grown in Production and Processes. I would recommend Bruce Klinger to anyone looking for assistance with their Chemistry or Process Control as they would be able to expect timely professional service and experienced advice.

Sincerely,

Joel Clemons
