I am pleased to have the opportunity of providing a reference for Bruce Klingler. I have been using his services over the past several years.

Before doing business with Bruce Klinger, my chemical suppliers provided services regarding lab analysis. When I had problems, my chemical suppliers did not provide good technical support or trouble-shooting; as a result, I was on my own. Since doing business with Bruce Klinger he has been able to provide exceptional lab analysis, technical support, trouble shooting and consultation. I have recommended his services to other metal-finishers in my industry. I am looking forward to continuing doing business with him.

Sincerely,

MARIO MORENO
