I have known Mr. Bruce Klingler for many years. His expertise in plating chemistry, plating methods and testing procedures is impressive. His knowledge reflects his history of hands on experience with a wide range of plating processes as well as post plating testing procedures.

I would, without reservation, highly recommend Bruce as a consultant in all areas of metal finishing and testing. In addition, please feel free to contact me personally if you would like to discuss my knowledge of Bruce's qualifications.

Sincerely,

Chad Bird
